

AND FARM

High performance products to prevent diseases

ANDFARM

ANDFarm offers specialised nutritional solutions. Through innovative, science-backed approaches, we help farmers **prevent diseases and improve the performance of the animals.**

Our commitment is to provide innovative and scientifically guaranteed products that also improve intestinal health and immunity, promoting a more efficient, sustainable, **antibiotic-free** production model.

Premium solutions that replace antibiotics with proven effectiveness

For a healthier, more productive and responsible future

DISEASE PREVENTION AND CONTROL

We offer solutions for feed or water, designed to:

Improve intestinal health

Support with respiratory syndrome

Prevent parasitic infections

Protect against bacterial infections

Reduce fever

Prevent ketosis

Reduce methane emissions

AND OBJECTIVE

Innovating for
Animal Productivity and Performance

Contribute to more efficient and sustainable livestock production by developing innovative and scientifically supported solutions that replace antibiotics in animal feed, and offer top quality and highly effective products adapted to each client's needs to improve productivity and health.

RUMINANTS (large and small ruminants)				
	PRODUCT NAME	FEED OR WATER	FUNCTION	COMPOSITION
KETOSIS	REPMIX TASTE	Feed	Ketosis prevention	Glycerol, Vitamin B2, Calcium Propionate and Propylene Glycol
METHANE REDUCTION	ANDSOL MNS	Feed	Reduction of methane production	Essential oils
DIARRHOEAS	ANDSOL COCCI	Feed	Natural coccidiostat	Herb extracts
	ALMAT 20 SOLUBLE	Water	Antibacterial against: <i>E.coli</i> and <i>Salmonella</i>	Antimicrobial peptide
	ALMAT 20 PREMIX	Feed	Antibacterial against: <i>E.coli</i> and <i>Salmonella</i>	Antimicrobial peptide
	ALMAT 40 PREMIX	Feed	Antibacterial against: <i>E.coli</i> and <i>Salmonella</i>	Antimicrobial peptide
	BACTILIS 50	Water and feed	Antibacterial against: <i>Clostridium</i> and <i>Coccidia</i>	Antimicrobial peptide
	TANAK	Feed	Astringent	Tannic acid
RESPIRATORY SYNDROME	RESPIHELP	Water and aerosol	Surfactant	Respiratory peptide
FEVER	ANDSOL FEVER	Water	Antipyretic	Salicylates and vegetable extracts
POSTBIOTIC	BIOYEASTAR 4C LS	Feed	Intestinal health	Active metabolites of yeasts
IMMUNITY	INMUNOAND	Feed	Immunity modulator	Pure yeast cell walls

PORCINE				
	PRODUCT NAME	FEED OR WATER	FUNCTION	COMPOSITION
DIARRHOEAS	ALMAT 20 SOLUBLE	Water	Antibacterial against: <i>E.coli</i> and <i>Salmonella</i>	Antimicrobial peptide
	ALMAT 40 PREMIX	Feed	Antibacterial against: <i>E.coli</i> and <i>Salmonella</i>	Antimicrobial peptide
	RADICAL GP	It is not added, it is a feed	Diet feed	High digestibility ingredients
	ENTEROHELP	Feed and water	Antibacterial against: <i>E. coli</i> and <i>Clostridium</i>	Alpha 1 monobutylin and essential oils
	FORMIDABLE	Feed	Antibacterial against: <i>Enterobacteriaceae</i>	Formic acid protected by a fibre bond
	COLISTOP 500	Feed	Antibacterial against: <i>E. coli</i>	ZnO 50% protected with a polymer to pass the stomach
	COLISTOP EVO	Feed	Antibacterial against: <i>E. coli</i>	ZnO, garlic and formic acid
	ANDCID WATER	Water	Acidifier	By demand
	SURFACE 20	Feed	Antibacterial against: <i>E. coli</i>	ZnO 30x small
	BACTILIS 50	Water and feed	Antibacterial against: <i>Clostridium</i> and <i>Coccidia</i>	Antimicrobial peptides
	TANAK	Feed	Astringent	Tannic acid
RESPIRATORY SYNDROME	RESPIHELP	Water and aerosol	Surfactant	Respiratory peptide
MENINGITIS	ANDSOL STREP	Feed	Antibacterial against: <i>Streptococcus suis</i>	Lauric and Monolaurin
FEVER	ANDSOL FEVER	Water and aerosol	Antipyretic	Salicylates and vegetable extracts
POSTBIOTIC	BIOYEASTAR 4C LS	Feed	Intestinal health	Active metabolites of yeasts
IMMUNITY	INMUNOAND	Feed	Immunity modulator	Pure yeast cell walls

POULTRY				
	PRODUCT NAME	FEED OR WATER	FUNCTION	COMPOSITION
WET BEDS	ANDCID WATER	Water	Acidifier	By demand
	ALMAT 20 SOLUBLE	Water	Antibacterial against: <i>E.coli</i> and <i>Salmonella</i>	Antimicrobial peptide
	ALMAT 20 PREMIX	Feed	Antibacterial against: <i>E.coli</i> and <i>Salmonella</i>	Antimicrobial peptide
	ALMAT 40 PREMIX	Feed	Antibacterial against: <i>E.coli</i> and <i>Salmonella</i>	Antimicrobial peptide
	ENTEROHELP	Feed and water	Antibacterial against: <i>E. coli</i> and <i>Clostridium</i>	Alpha 1 monobutyryn and essential oils
	TANAK	Feed	Astringent	Tannic acid
NECROTIC ENTERITIS	ANDCID PERFECT	Feed	Bactericide and bacteriostatic	Formic acid, sodium butyrate and F.O.S.
	ENTEROHELP	Feed and water	Antibacterial against: <i>E. coli</i> and <i>Clostridium</i>	Alpha 1 monobutyryn and essential oils
	BACTILIS 50	Feed and water	Antibacterial against: <i>Clostridium</i> and <i>Coccidia</i>	Antimicrobial peptide
RESPIRATORY SYNDROME	RESPIHELP	Water and aerosol	Surfactant	Respiratory peptide
LAMENESS	ANDSOL STREP	Feed	Antibacterial against: <i>Streptococcus suis</i>	Lauric and monolaurin
EGG QUALITY	ANDCID PERFECT	Feed	Favours the absorption of nutrients	Formic acid, sodium butyrate and F.O.S.
	ANDCID WATER	Water	Favours the absorption of nutrients	Acid mix
	TRIANDBUT 60	Feed	Favours the absorption of nutrients	Tributyryn
FEVER	ANDSOL FEVER	Water	Antipyretic	Salicylates and vegetable extracts
POSTBIOTIC	BIOYEASTAR 4C LS	Feed	Intestinal health	Active metabolites of yeasts
IMMUNITY	INMUNOAND	Feed	Immunity modulator	Pure yeast cell walls

ANDFARM

ANIMAL HEALTH
AND PERFORMANCE

ANDFARM MAIN BENEFITS

Effective reduction of the use of antibiotics

Natural alternatives with scientifically proven efficacy.

Improvement of feed conversion and performance

Greater efficiency in livestock production.

Optimisation of intestinal health and immunity

Solutions aimed at animal well-being and prevention.

Versatility of application

Products adapted to feed or drinking water.

Science-based formulation

Functional additives developed from scientific studies.

Feed safety and sustainability

Aligned with the objectives of a more responsible production.

NATURALNESS

QUALITY

FLEXIBILITY

SUSTAINABILITY

ANIMAL NUTRITION DEVELOPMENT

AND is a Spanish company specialized in the **development of nutritional and functional solutions for the FEED sector**, with a focus on innovation and sustainability.

Advanced nutrition solutions for feed.

Innovative and **scientifically supported nutritional solutions** for animals, helping our clients improve productivity, sustainability and health in livestock production.

- Innovation and scientific support: advanced, science-based solutions.
- Premium quality.
- Alternatives to antibiotics.
- Personalised approach and adaptability.
- Expert, committed veterinary team.
- Global leadership from Spain: international presence and recognition.
- Commitment to efficiency and sustainability.
- Continuous research and technological development.
- Support for sustainable livestock production.
